Quotations

These are based only on the information that you give us when we give you a quote. You are required by law to take reasonable care to answer all questions accurately and completely. This is to make sure that all the information that you supply is true and correct. If you do not do this, it may mean that your policy is invalid if you make a claim. If you are in any doubt about whether a piece of information is relevant, please ask us. As an insurance broker, our providers panel offer a fair analysis of the market, and we will offer the product best suited to your demands and needs. Your provider has the right not to accept your policy due to your new details not meeting their criteria; if this is the case, then we will try to find another provider to cover you. We will offer you value added products based on a single market exercise, as we use just one provider for our value added products.

Unrated providers

We quote on the basis of a fair analysis and some of the providers are unrated. An unrated insurer is an insurer that does not carry an official financial strength rating given by international rating agencies, such as Standard and Poor's 500 index (S&P), Moody's, Fitch, Ratings and A.M Best. An official financial strength rating 'provides an assessment of the financial strength of an insurance organisation' and its ability to pay claims to its policyholders.

Each agency has its own methodology, but ratings are usually organised on a scale based on letter grades to indicate the degree of credit risk. For example, an 'A' rating means that the providers have an excellent ability to pay out claims, while a 'C' rating means that the provider has a weak ability to pay out claims.

Some unrated insurers have been trading in the United Kingdom for many years, and so failure is not seen as likely, but this is not any sort of guarantee and such firms can fail given the appropriate combination of circumstances.

However, just because a provider is rated does not mean they cannot get into difficulty.

Risks of using an unrated provider include:

- Unrated providers may be based overseas and outside the influence of UK regulation. The home state regulation they are subject to may be less intrusive, less rigorous or a lighter touch than that of the UK Prudential Regulation Authority (PRA) / Financial Conduct Authority (FCA).
- In the event of an overseas provider failing, claims may have to be directed to an overseas equivalent of the UK Financial Services Compensation Scheme (FSCS), and this may bring delays in dealing with the claim.
- Unrated providers lack independent corroboration of the quality of their current financial stability.

As your Insurance Broker, we carry our monthly due diligence checks on our entire panel of providers, Underwriting Agencies & Managing General Agents and the underlying insurance provider. We are confident in the panel we choose to do business with.

Contract

When taking out an insurance policy with us, you will always enter into multiple separate contracts. The first one is with us, One Click for arranging and administering your insurance policy. We may charge you a fee(s) for giving our services. Our terms and conditions set out our fees in the "Our Charges" section.

The second contract is with the insurance provider for giving the insurance cover; they shall charge you a separate premium inclusive of Insurance Premium Tax (IPT) as applicable.

Their terms and conditions are set out in their policy booklet, statement of home insurance and Insurance Product Information Document (which we provide to you within your policy documents). Links are also available on our website www.oneclickdirect.co.uk/policy-documents.

When you buy optional value added products, you will enter into further contracts with each provider on the same basis as the first contract.

Our arrangement and administration fee and the separate premium will form the total price of the insurance. The specific amounts paid for the cover you hold are found in the covering letter with your policy documents.

When you enter into a finance agreement to fund your policy, you will enter into a separate contract with the finance provider; a link to their Standard European Consumer Credit Information is available on our website, and full contract documents will be sent to you by them.

Where you opt to pay for your policy by premium finance you will enter into a third contract with the finance provider. Details of your finance provider and a copy of their terms will be sent to you when you take up the insurance policy.

Provision of documentation

At each stage of the period of insurance (new business, renewal or cancellation) we will need documentation from you.

You must give this to us if the provider or we as an agent of the provider ask for them. Unless you are told otherwise, you should send copies of the documents asked for, not the original documents. All documentation sent into our office must be up to date, and at the address we hold on our records. If you choose to send the original documents by post, One Click cannot be held responsible for their safe delivery or return to you. When we receive the documents asked for, we, in turn, will give full policy documentation so that you can check your policy details, confirm the period of cover and have available any certificates or documentation you must have by law. This also applies to any changes that you wish to make to your policy during its period of cover. At renewal, we will tell you the renewal date, or when cover will end, in time to allow you to arrange other cover, if necessary. We will tell you about any changes to the policy cover, service or provider being offered, explain your responsibilities and give you any documentation that you need by law.

We will not withhold any insurance documentation from you without permission unless the law allows us to do so. If the policy is cancelled or runs out, we will send all documentation that you ask for that you have a right to receive. If you do not receive the documentation we have said we will give you, you must contact us and ask for a duplicate to be sent. If you tell us within 14 days of the documentation being asked for, our duplicate document fee will be waived.

Additional service declaration

If you should make a claim on any additional services (whether given as a free benefit of your policy or bought as an upgrade) during the period of cover, at no extra cost, at a nominal cost or at a price below that of the market rate, then the VAT owed through the fulfilment of such services or goods given will be paid by One Click.

Payment

Cover cannot be provided unless we receive your payment, be it in full or by deposit via one of our instalment facilities. We will give you proof that you have paid any premiums, fees or charges during the period of insurance. On any policy amendments where the additional premium is higher than £125.00, we will only give cover when you have paid a minimum of 20% of the additional premium quoted. Payment by cheque is also accepted, the postal address can be found on page 3 of this booklet. We strongly recommend using tracked delivery to confirm we have received payment.

Client money (as an agent of a provider)

We act as agents for the provider for the collection of premiums and payment of refunds. This means that premiums are treated as being received by the provider when received in our bank account and that any premium refund is treated as received by you when it is paid over to you.

Debt recovery

If for any reason, you default on a payment (instalment or account balance after cancellation) or any other non-payment of a balance to a member of the One Call Group, and after several reminders you do not pay the debt, we will exercise any Continuous Payment Authority. If the payment is still not recovered, we will then refer the matter to our debt recovery department. You will have to pay, as well as the debt, a fee of £25.00 once the first letter has been sent to you.

If you still do not contact them, a further £27.00 will be added to your balance for their second attempt to contact you. The third letter will incur a further £52.00 charge. It is in your interest to pay instalments or balances on the agreed dates to avoid this sort of outcome. If the default persists, the debt recovery department will refer this onto our solicitors who may apply to the courts to recover this from you.

This could result in a County Court Judgement (CCJ) being logged against you. If an outstanding balance is due on a policy after it has been cancelled or the policy lapsed, we have the right to withhold your No Claims Bonus until the balance has been cleared.

Where a balance has been owed for longer than 90 days we may send the balance to an external debt collection agency, which could affect your credit rating and any future credit.

Where a payment plan is requested One Call Debt Recovery reserve the right to review your recovery arrangement and request proof of income and expenditure where applicable.

Claims

If there is an unpaid premium at the time of a claim, it is our right to withhold any settlement until the balance is cleared; we will tell you if this is the case.

Alterations to your policy

You must tell us about any of the following changes to your circumstances straight away. If you do not tell us about these changes, then your policy may no longer be valid or a claim may not be paid. As One Click is a self service online policy, we encourage you to make these changes via your customer portal where you will receive a reduced administration fee of £20. Any changes made by one of our agents, through our live chat service, will result in an administration fee of £39.

You are reminded that you must take reasonable care not to make any misrepresentations.

Where we have been made aware of any misrepresentations, we will exercise the Continuous Payment Authority and debit the credit/debit card/PayPal account with an additional premium for this alteration. However, if the misrepresentation accumulates an additional premium that exceeds the amount of £200 a 7 day cancellation will be added to the policy whereby the additional premium must be paid in the full amount. If the additional premium is not paid within the time frame the policy will be cancelled and further charges may be applied. We will tell you before this happens.

When making a change to your policy by your request a premium will be accumulated, an additional premium may be incurred or a return premium may be given. If there is an additional premium exceeding £125.00 a 20% deposit will be required and up to a £39.00 administration fee will be charged or £20.00 if the change is made in your customer portal.

The Insurance policy we place you with may limit the number of changes that you make to your cover within the policy dates. In this case, further charges may be needed, or require your policy to be cancelled and replaced.

The insurance policy we place you with may limit the number of changes that you make to your cover within the policy dates. If this is the case, further charges may be needed or require your policy to be cancelled and replaced. To make any of the above changes to your policy, please visit our 'My Account' section at www.oneclickdirect.co.uk and choose our live chat service.

Your provider has the right not to accept your policy due to your new details not meeting their criteria; if this does happen, we will try to find another provider to cover you.

Please refer to your policy schedule for details of your policy and contact us if you are unsure whether certain information should be disclosed.

One Click will apply a charge of £49.99 for new policies, and £49.99 for renewed policies as well as any provider charges to cover the cost of setting up your policy.

If any value added products bought have been used within the first 14 days, the full amount of this will be payable.

If we or your provider cancel your policy, we will write to you at your last known address telling you that your policy will be cancelled within seven (7) or ten (10) days, the date of which will be confirmed in your letter.

Requesting cancellation

You will be able to request the cancellation of your policy via your online portal; portal.oneclickdirect.co.uk

Where possible we ask that you give a reason for the cancellation so that we can monitor our consumer feedback and service.

Please note that the cost may change should your policy enter the next day on cover. We reserve the right to cover the cost of setting up your policy where the cover has not yet come into force.

Please see the "Our Charges" section for more information. Any additional cover, whether given as a free benefit of your policy or bought as an upgrade, will be cancelled at the same time as your home insurance.

Cancellation fees after the 14-day cooling off period

After the 14-day cooling off period has ended, you still have the right to cancel your policy. There is a set charge structure applied to the cancellation of any insurance policy arranged through One Click this takes into account our administration costs for arranging the policy and administering the policy cancellation. All cancellations are calculated on the following basis;

- Day 15 to the end of the policy – you will be charged for any time on cover as calculated by your provider this is normally "pro rata" and a provider fee. We will include any administration fees and any value added products. We will include a cancellation charge of £49.99; we will also deduct any discounts that have been applied to the policy.
- If a claim has been made you will be charged the full premium in as well as any broker charges and value added products bought during the policy.

If your policy is cancelled due to the Providers Request we may attempt to replace the insurance with one of our alternate underwriters; we will confirm in writing if this is our intention.

If your cancellation return of premium is lower than our charges of cancellation, the full remaining insurance costs will be owed.

Where you have paid your premium in full we will let you know the amount you are due back. If you are paying by premium finance you will need to pay a balance of the cancellation charges as set out above, once we have calculated how much you have paid. Please note, this amount does not include the interest you have paid on premium finance as this is not paid to One Click. This is paid to the finance provider and therefore cannot be used towards the payment of your premium. All providers have a right to charge for the time that you have had on cover.

If your policy is cancelled and there is a balance to be paid to us, as per the continuous payment authority, we will use your card payment details to collect the amount; we will try to take the payment on the last working day of the month, or on your chosen date if one has been arranged. If this payment declines we will then reattempt this on the 1st, 15th and 28th day of the month. If this is still unsuccessful after the 4th attempt or we hold no valid card details we will then pass the outstanding balance to our in house debt recovery team where further charges will apply.

Reasons we may cancel your policy:

- Non-receipt of documents
- Payment
- Fraud
- Misrepresentation
- Provider request
- Threatening or abusive behaviour towards our staff or suppliers
- Inappropriate language, intimidation or bullying of our staff or suppliers

If you have a smart home policy with us the smart home sensor kit cost will be charged in full if the policy is cancelled.

Voided policies

If your policy has been voided by your insurance provider we reserve the right to apply a charge of £49.99.

Cancelling your premium finance payments

If you are paying by premium finance cancelling your Direct Debit does not mean you have cancelled the policy; it simply means you have stopped paying for it. In this case, cover will still be in force and the premiums will still be charged until we receive your cancellation request or until we give you a notice of cancellation, whichever is sooner. The premium finance agreement is set up between you and the finance provider. More information about the terms of the agreement can be found under the Consumer Premium Finance Agreement section of this policy information booklet.

Refunds

If a refund is due to you, the right amount will be refunded back onto the last known credit/debit card or PayPal account. Refunds can take up to 14 days.

If a refund is needed to a different bank account to the one we hold on record for the card holder then we will need a copy of the account holder's bank statement confirming the account details. Commercial policies given on a minimum deposit policy will not receive a refund if the policy is cancelled; where you have chosen to pay via our instalment facility, you will need to pay the balance left on your policy.

Please note we cannot refund an amount onto a debit/credit card or PayPal account that is higher than the amount that has been paid to us

Default on payment

If you are paying by instalments and you receive a default notice from us, we have the discretionary right to cancel your policy in line with the terms and conditions in the default notice sent to you. If this happens, if any refund of premium is received from your provider by us this will be used to reduce any outstanding balance when your policy is cancelled.

Any residual balance of return of premium will be paid to you. If a claim has arisen under this insurance and the policy is cancelled due to a default on payment no refund will be available from the provider and you must pay the sum contained within the default notice in full.

Please include your customer reference on all communications that you send to us to help ensure prompt service.

Payments by cheque

Where previous cheques have bounced three or more times we will no longer accept cheque payments; There will be a charge of £26 for any stopped or returned cheques. Payments must be made by debit or credit card.

Complaints procedure

At One Click, we are committed to providing the highest quality of service to all our customers by working in an open and accountable way and we go that extra mile for all our customers. We always aim to respond to all complaints in a positive manner and ensure any mistakes we've made are put right.

Your complaints provide us with valuable information and we use this feedback to continue to improve the service we provide to all our customers.

Step 1:

If you haven't already, then we ask that you please raise the complaint via the complaints tab on our online customer portal: portal.oneclickdirect.co.uk

All staff within the company have been trained to give a high level of service and will try to resolve any dissatisfaction where possible. If an agent is unable to reach a satisfactory resolution for you they will refer you to their line manager who will also try to resolve your complaint to the highest standard possible. You can also register your complaint to the Complaints Handling Manager directly at;

[The Complaints Handling Manager](#)
[One Click](#)
[First Point](#)
[Balby Carr Bank](#)
[Doncaster](#)
[DN4 5JQ](#)

We aim to resolve your complaint within 24 hours from when we receive it, however, if this is not possible then we will acknowledge your complaint in writing within five working days. Once we have acknowledged your complaint we will perform a full investigation into the matter and ensure that all areas of the complaint are covered.

If your complaint has been resolved within 3 working days then we will send you a summary resolution letter confirm that the complaint has been resolved.

If we cannot resolve your complaint within 3 working days a final written resolution letter will then be sent to you once all investigations have been complete, within eight weeks of receiving the initial complaint. If you are still dissatisfied with either of the resolution letters offered at this point please refer to step 2.

Step 2:

You may have the right to refer your complaint to the Financial Ombudsman Service; the Financial Ombudsman Service (FOS) is an independent body who have been setup to resolve disputes between customers and financial companies, including providers. If you choose to escalate your complaint, you may contact the Financial Ombudsman Service (FOS) or an agreed Alternative Dispute Resolution Provider (ADRP). You must enclose a copy of the final resolution that we issued to you along with your policy number and quote "One Click" as the reference.

The Financial Ombudsman Service can help with most complaints if you are;

- a customer.
- a business with an annual turnover below £6.5m and fewer than 50 employees or an annual balance sheet below £5m.
- a charity with an annual income of less than £6.5 million.
- a trustee of a trust with a net asset value of less than £5 million.

The Financial Ombudsman Service can be reached at www.financial-ombudsman.org.uk or you can also write to them at The Financial Ombudsman Service, Exchange Tower, London, E14 9SR.

The Financial Ombudsman Service (FOS) is the UK's official expert in resolving complaints within the financial services industry, with an award limit of £355,000. Complaints can be brought by, or on behalf of, customers (or potential customers) who are private individuals, micro-enterprises and small to medium size enterprises (small to medium size enterprises can bring complaints to the ombudsman as long as then have an annual turnover below £6.5m and fewer than 50 employees or an annual balance sheet below £5m).

If we agree to appoint an Alternative Dispute Resolution Provider (ADRP) you can make your complaint within 12 months after receiving our final resolution letter. A list of ADRP's can be found through the trading standards website.

You can find further information at www.financial-ombudsman.org.uk

What happens at renewal

The renewal terms will be uploaded onto your customer portal at least 21 days before the renewal of your policy. All policies will be on an automatic renewal basis, unless agreed.

The price that we offer on your renewal notice will be based on the information you gave on last years policy. If your circumstances, or any other information have changed about your insurance during the last year, you will be able to amend them on your Customer Portal, providing you with accurate renewal terms.

If you do not tell us, you may not be properly insured; this may invalidate any claim that you wish to make on your policy. If you are in doubt about whether something is relevant, you should ask us.

We hold the right to refuse renewal terms where we are unable to offer a quote with our provider panel, provided we send you notice 21 days before your renewal date, allowing you time to find another provider.

The renewal cost will also include our renewal broker fee (please refer to the 'Our Charges' section for details of any additional charges).

To try to get you a competitive renewal price, we will instruct some of our providers to carry out a check on your credit records. This does not cost you anything, and the information that they access could be received from a few different publicly available sources, such as credit reference agencies, who may record the search. This is helpful to you because some providers will be able to offer you a significant discount on your premium because the check gives another way in which they can confirm your identity, therefore protecting both parties from fraud or money laundering. Regardless of the result of the check, it will never result in your premium increasing. If you do not want us to instruct our providers to check your credit records, then you must tell us in writing at least 30 days before your renewal date. Please mark your envelope, 'Credit check'.

Renewing by premium finance

If you pay for your insurance via premium finance, for your convenience we will automatically renew your policy and send confirmation via your customer portal along with your new insurance documents, roughly one week before your renewal date.

Your Direct Debit collections will continue on or up to three days either side of your current Direct Debit date.

Does your home have all the cover it needs?

Your home is your safe place, so we want to make sure you've got all the cover you need in the event of a home emergency.

Continuous payment authority

Renewing by payment in full or credit/debit card

If you paid in full by credit/debit card and where we hold valid details, for your convenience and protection, we will take money from your debit, credit card or PayPal account with the full amount of your renewal premium up to five days before your renewal date. Where we have taken payment for your renewal, and you contact us before the renewal date to decline the renewal, we will arrange a refund for the amount debited.

If we do not hold valid Direct Debit or credit/debit card details, we will not automatically renew your policy – you will need to contact us to renew the policy before the renewal date. You can do this by contacting our Renewals Team or making a payment online at portal.oneclickdirect.co.uk.

Where we will renew your policy automatically, we will tell you on your renewal invitation at least 21 days before your renewal date. If you choose to buy your renewal online, please note that any renewal fee applicable is not included in the online price but you must still pay this fee.

How to decline an automatic renewal

Where possible we will automatically renew your insurance policy as long as we hold valid payment details.

However if at any point you would prefer to opt out of automatic renewal you can do so in your customer portal or in writing to One Click, First Point, Balby Carr Bank, Doncaster, South Yorkshire, DN4 5JQ. Please let us know at least five days before the renewal is due.

You must tell us on or before your renewal date that you do not want to go ahead with the renewal. Any request to cancel your renewal after your renewal date will result in a charge of £49.99 as well as any time on risk charge made by your provider.

Consumer premium finance agreement

If you have opted to pay by premium finance you will be entering into a separate Credit Agreement Contract.

The payment on your bank statement will read 'One Click'.

We act as a broker for insurance and a credit lender for Premium Finance. As your credit lender you will enter into an agreement with us.

If you do not agree to this, you should not enter into the finance agreement.

Please note that you are entering into a finance agreement with the us to pay your insurance premiums. Please note that, should you default, a fee will be applied when collecting the arrears. This fee will be as well as any administration charges that One Click Insurance may apply, please see the 'Our Charges' section under One Click's terms of business for more information.

Any funds made available to you under this running account credit agreement shall be under terms and conditions. A welcome pack containing a pre-contract information document and a full copy of the terms and conditions of this agreement will be sent to you by the finance provider within 14 days from the start of your policy. You must read this, along with this booklet, and understand the full terms and conditions of the running account credit agreement before entering into the agreement.

Minimum payments

Whilst any debit balance remains on your account, you agree to make minimum monthly payments to the finance provider. The finance provider will write to tell you the date by which the first monthly payment is needed and, thereafter, in each subsequent month. Payment is required on the banking business day corresponding to the first payment date (or if there is no corresponding banking business day, the first banking business day following that date) or such other date as we may set. For your first drawing of credit, the minimum monthly payment is the monthly payment set in the Pre-Contract Consumer Credit Information that will be sent to you by the finance provider. For any later drawings of credit, the minimum number of monthly payments will be as stated by the finance provider to you from time to time about the number of the transactions on the account, and the term of the insurance being financed by drawings on the account.

The payment date can be changed after the first payment is received to a more convenient date in the month.

Interest charges

Interest shall be charged at the rate stated in the Pre-Contract Consumer Credit Information. The interest shall be varied up by the finance provider after seven days written notice, given to you at any time, so that they may take account of actual or expected changes in market conditions. The finance provider will vary the interest rate of any credit already advanced to you for paying insurance premiums. The rate of APR is given in the Pre-Contract Consumer Credit Information and assumes a possible variation in the rate of interest, but never any higher than a maximum of 28.82% APR.

Default charges/refunds

If a Direct Debit payment is rejected, a charge of £15.00 will be applied by the finance provider. Where you default more than twice, the premium finance facility will be withdrawn by the finance provider. Please see the 'Our Charges' section for details of any additional charges.

If you have defaulted on your monthly payment and the attempt to re-apply at your bank has failed, One Click or the finance provider will exercise the Continuous Payment Authority and use the card payment details held on your file to collect this amount. As well as the finance provider, we also reserve the right to charge £15.00 if your Direct Debit defaults.

Cancellation

In cancelling your premium finance agreement your insurance policy will remain in force until One Click is told of your intention to cancel. Please see the cancellation section of this information booklet for more information. This is as well as any other cancellation charges applied by One Click (see the 'Our Charges' section of this booklet for further information).

Credit assessment

In assessing your application, we may search the public information that a credit reference agency holds about you. The credit reference agency will add details of the search to their records whether or not the application for credit goes ahead. A hard footprint may appear on your credit file. This and other information may be used to make credit decisions about you and to carry out checks for the prevention and detection of money laundering.

In order to assess your application, we may use credit scoring, credit reference agencies and automated decision-making systems. The assessment will take place after we have received your application. When we perform an affordability assessment, a hard footprint will appear on your credit file.

Your payments

The monthly repayments on your agreements are variable. You should consider your ability to maintain the payments.

If you do not make the repayments that are due under this agreement, then your credit rating may be adversely affected and could make obtaining credit more difficult in the future. It may also result in legal action being taken to recover the debt. Failure to make repayments under this agreement may result in the cancellation of your credit agreement and the insurance policy paid for by the said agreement. You may then be liable for any debt arising from the cancellation which we will attempt to recover.

Direct debit guarantee

If there is a change to the date, amount or frequency of your Direct Debit, we will always give you five working days' notice in advance of your account being debited. In the event of an error, you are entitled to an immediate refund from your bank or building society. You have the right to cancel at any time, and this guarantee is offered by all banks and building societies that accept instructions to pay Direct Debits. A copy of these safeguards under the Direct Debit Guarantee will be sent to you with your welcome letter.

Credit limit

We will decide, but not notify you, of the credit limit available to your account. They may introduce a credit limit at any time and will give you at least one month's written notice of such limits. Thereafter, you will receive a further one month's written notice in respect of any variation resulting in a decrease to your credit limit.
